

Stop #1

OPEN EDUCATION ROADSHOW

with Eric Saczuk and James Rout

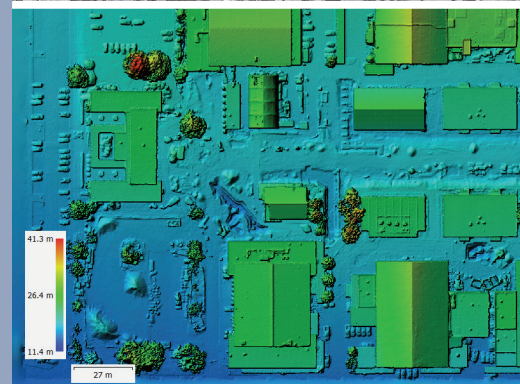

Eric Saczuk

Instructor, Geomatics Engineering/GIS Program at BCIT

Image Capture and Processing Using Unmanned Aerial Systems

Learn how Open Education grants supported Eric to document image acquisition techniques for 3D-mapping using drones (even in Antarctica!). Discuss the impact Open Data has on research, and teaching and learning.

James Rout

Associate Vice President, Education Support and Innovation at BCIT

Holocopter Project

Hear all about the development of the Holocopter Project with the support of the AME-M program faculty. Discover how being an Open Educational Resource (OER) may impact its usability.

February 15
11:30 – 12:30
ATC CIBC ROOM

Pizza provided!
